

Dear Prospective Applicant,

Thank you for your inquiry about adult foster care. Please review the basic information regarding the steps you have to take for the licensing process.

First step in the process is to review the orientation presentation and then review Rule 203. Rule 203 is the Adult Foster Care Rule and is one of the main rules/statutes that govern Adult Foster Care practices.

As you read through the information, please keep in mind that this basic information is intended to give you general guidelines around adult foster care licensing. Additional details will be given during the next steps in the process. At first it may seem a bit overwhelming, but the licensing process is quite simple when broken down into a series of steps which includes; orientation, application, home study, and program materials development. Each of these parts has certain steps, but once you get assigned to your regional licensing specialist, they will be your resource to help you with questions you may have.

After you have had a chance to review the information, please contact the licensing team at [licensing@sourcewell-mn.gov](mailto:licensing@sourcewell-mn.gov) to inquire about the next steps in the licensing process. At that time, you will be given more specific information about the licensing process, and your regional licensing specialist will have the opportunity to answer questions that you may have as you begin to navigate the required steps towards licensure.

Sincerely,

Adult Foster Care Licensing Team
