

PROGRAM ABUSE PREVENTION PLAN
Pursuant to MN Statutes, section 245A.65, subd. 2.

AFC/CRS Provider:	
Address:	
Date plan developed:	

POPULATION ASSESSMENT:

1. Age range of persons receiving services: _____

2. How will the program reduce the potential of abuse and/or harm related to the age of people receiving services?

3. Gender of persons receiving services: _____

4. How will the program reduce the potential of abuse and/or harm related to the gender of people receiving services?

5. Describe the range of mental functioning of people receiving services: _____

6. How will the program reduce the potential of abuse and/or harm related to the mental functioning of people receiving services?

7. Describe the range of physical and emotional health of people receiving services: _____

8. How will the program reduce the potential of abuse and/or harm related to the physical and emotional health of people receiving services?

9. Describe the range of adaptive/maladaptive behavior(s) of people receiving services: _____

10. How will the program reduce the potential of abuse and/or harm related to the adaptive/maladaptive behavior(s) of people receiving services?

11. Describe the need for specialized programs of care for people receiving services: _____

12. How will the program reduce the potential of abuse and/or harm related to the need for specialized programs of care for people receiving services?

13. Describe the need for specific staff training to meet individual service needs: _____

14. How will the program reduce the potential of abuse and/or harm related to the need for specific staff training designed to meet individual service needs?

15. Describe any knowledge of previous abuse that is relevant to minimizing the risk of abuse to people receiving services: _____

16. How will the program reduce the potential of abuse and/or harm to people receiving services related to the knowledge of previous abuse?

PHYSICAL PLANT ASSESSMENT:

1. Describe the condition and design of the physical plant as it relates to safety for people receiving services:

2. How will the program reduce the potential of abuse and/or harm related to the condition and design of the physical plant in terms of safety for people receiving services?

3. Describe any areas of the physical plant that are difficult to supervise: _____

4. How will the program reduce the potential of abuse and/or harm to people receiving services related to the areas of the physical plant that are difficult to supervise?

ENVIRONMENTAL ASSESSMENT:

1. Describe the location of the physical plant including information about the neighborhood and community where the home is located:

2. How will the program reduce the potential of abuse and/or harm related to the location of the physical plant, including factors about the neighborhood and community?

3. Describe the type of grounds and terrain that surround the physical plant: _____

4. How will the program reduce the potential of abuse and/or harm related to the type of grounds and terrain that surround the physical plant?

5. Describe the type of internal programming provided at the program: _____

6. How will the program reduce the potential of abuse and/or harm to people receiving services through the type of internal programming provided at the physical plant?

7. Describe the program's staffing pattern: _____

8. How will the program reduce the potential of abuse and/or harm to people receiving services through the program's staffing pattern?

EACH PROGRAM MUST ENSURE THAT:

- A. People receiving services are provided with an orientation to the program abuse prevention plan. This orientation must be within 24 hours of admission or within 72 hours for individuals who would benefit from a later orientation.
- B. The license holder's governing body must review the program abuse prevention plan at least annually.
- C. A copy of the program abuse prevention plan must be posted in a prominent place in the facility and be available, upon request, to mandated reporters, residents, and legal representatives.
- D. The plan must include a statement of measures to be taken to minimize the risk of abuse to the vulnerable adult(s) when the need for additional measures is identified. This includes identifying referrals that are made when the vulnerable adult is susceptible to abuse outside the scope or control of the licensed services.
- E. If the assessment indicates that the vulnerable adult does not need specific risk reduction measures in addition to those identified in the program abuse prevention plan, the individual abuse prevention plan must document this determination.
