

Pet Authorization

Per MN Rule 9555.6213, Pets housed within the home must be maintained in good health. Before a person is admitted to the program, the person and the person’s legal representative are notified that there are pets in the home. Use this form to obtain permissions for pets.

Vaccination records (if applicable) are to be maintained and will be viewed at initial and relicensing visits. Frequent hand washing when handling pets is expected. You are also responsible to know which types of pets are acceptable in your municipality.

In this home there are a total of: _____ pets. Type and quantity of pets in the household:

- | | |
|---------------|---------------------|
| Cat(s) | Rabbit(s) |
| Dog(s) | Lizard(s) |
| Hamster(s) | Snake(s) |
| Gerbil(s) | Bird(s) |
| Guinea pig(s) | Fish - check if yes |
| Other: | |

I, _____, the license holder, understand my responsibilities of maintaining and caring for the pets in an effort to keep all residents, household members and pets safe. I also understand this form must be updated when a new pet moves to the home.
